Introduction to the European Cloud, Edge and IoT Continuum Initiative

Albert Seubers (Director Martel Innovate BV) – Coordinator of Open Continuum

The Claridge – Brussels, Belgium | 10-11 May 2023

**Concertation and Consultation on Computing Continuum:
From Cloud to Edge to IoT**

Organized by: **Open Continuum** | Supported by: Unlock CEI and SWForum

EUCEI in a nutshell

A European Commission research and innovation initiative that aims to:

- Realise a pathway for the **understanding and development of the Cloud, Edge and IoT Continuum**
- By promoting **cooperation** between a wide range of research projects, developers and suppliers, business users and potential adopters of this new technological paradigm.
- Support the definition of **large scale pilots**

The community is supported and coordinated by two Horizon Europe projects:

- **Open Continuum** (Supply Side coordinated by Martel)
- **Unlock-CEI** (Demand side coordinated by IDC)
